Principal’s Message...

Beginning with the End in Mind for the 2017-2018 School Year

Greetings from WECHS! Welcome to the 2017-2018 school year!! We are incredibly excited to begin our tenth year here at Warren Early College High School. I am eagerly anticipating a successful and rewarding year, and I look forward to working with dedicated staff, parents and community to provide an exceptional experience for WECHS’ students. During the 2017-2018 school year, we will continue to build upon and refine our proven foundation of high-quality work, honored tradition and continued excellence in education.

All students attending WECHS will be provided with a challenging educational environment. Through rigor, relevance and relationships, our students will excel academically and socially, hence preparing them to be competitive in the ever-changing global job market. Our staff is passionate about helping our students achieve their goals and offering them new experiences and challenges that will shape their futures.

Family involvement is an important piece of your child’s education. I want to encourage all parents and guardians to continue supporting the efforts of your children as they strive to be a beacon of academic success. It is often difficult because of our work schedules to be fully involved in every aspect of our children’s lives, but I encourage everyone to spend a few minutes each day to discuss with your child the importance of education and to find out what they are working on in their classrooms. I also invite all parents and guardians to engage with your child’s teachers, as it is proven that good parent-teacher communication helps children to progress in school.

Once again, WELCOME BACK! Together, let’s make it another great year at WECHS!
