An Educational Partnership:

VANCE-GRANVILLE
COMMUNITY COLLEGE

"Putting Children First"

Warren Early College High School

**From High School to an
Associate's Degree
in 5 Years**

WARREN EARLY COLLEGE HIGH SCHOOL

Located on the Warren County campus of Vance Granville Community College, the Warren Early College High School is designed to introduce students to the college setting in their freshman year of high school. The students will have the opportunity to pursue a high school diploma and an associate's degree within five years. The high school is designed to inspire and motivate first generation college students.

The Early College High School is part of a national initiative to launch 70 Early College High Schools over five years. This initiative began in Fall 2004 and is supported by funds from the Bill and Melinda Gates Foundation, the Ford Foundation, the Carnegie Corporation of New York and W.K. Kellogg Foundation as well as the Governor and New Schools Project.

In the heart of Vance Granville Community College, the Early College High School with its limited student enrollment, small class size, and supportive relationships, inspires and empowers students to succeed in learning and in life.

IS EARLY COLLEGE HIGH SCHOOL FOR ME?

Are you ready to meet the challenges of being a high school student on a college campus? Are you a rising ninth grader? Are interested in participating in a non-traditional high school environment and a rigorous course of study? If you answered "yes" to these questions, then the Early College may be the place for you.

HOW DO I ENROLL?

Students must obtain a Warren Early College High School application from their middle school guidance counselor.

You will need to submit your most recent eighth grade report card, final seventh grade report card, and a handwritten statement on why you would like to attend the Early College High School.

Student and parent interviews may be conducted as part of the selection process.

CAN I REALLY GRADUATE WITH A HIGH SCHOOL DIPLOMA AND AN ASSOCIATE'S DEGREE?

Absolutely! Because we offer extended class periods, you can complete a full credit each semester. Entering freshman will start the following five-year academic path

9th: High school classes with two college electives.

10th: Continue to add two college classes

11th: Continue to add college classes. The required junior community service component allows you to work to benefit others.

12th: Percentage of college courses increases. This year will conclude your pursuit of a high school diploma; however, your Early College High School graduation still awaits!

"13th": Congratulations! You are now fully enrolled in Vance-Granville Community College, and on your way to completing an associate's degree through the Early College program!

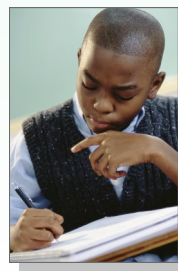

MISSION STATEMENT

Rigor, Relationships, Relevance, Respect, and Responsibility

The Warren Early college High School provides students the opportunity to earn a high school diploma and an associates degree in preparation for future endeavors and global challenges. Staff, parents, students and community stakeholders will work together to instill in each student the academic and social skills necessary for responsible and productive citizenship.
